

Being a professional musician and vocalist entails a lot of hauling heavy equipment and standing in heels three nights every weekend! By Monday my body feels beat up and extremely stiff. I began treatment using chiropractic adjustments and active release therapy under Dr. Brent Moyer to help manage the constant abuse I was putting on my body over a year and a half ago.

Today I am much happier knowing that no matter how bad I am feeling all it takes is my regular treatment to get me back to feeling normal again and performing my best. I hope my testimonial will help someone who is suffering to decide to try chiropractic and go see Dr. Moyer at Brant Arts Chiropractic! Thanks forever!
